The Saint Paul Police Department Professional Development Institute is sponsoring a two day course designed to introduce shooters of all skill levels to modern pistol technique. This course will cover the reasons why a particular grip, stance and presentation of the pistol is more effective than other techniques that may have been taught in the past. Students will be given individual attention to assure the basics are being properly executed, and then demanded during all drills. Successful student participation will assure shooting skills have exceeded any past abilities.

Equipment: Participants will need to bring their duty belt, holster, service pistol with at least 3 magazines, an off duty type of holster to fit the duty gun (or a separate off duty gun and ammunition if desired), a means of concealment, a baseball type of cap, eye and ear protection.

Ammunition: Each student will need to bring 1500 rounds of ball or practice ammunition as well as 200 rounds of **Simunition**

Greenshield Frangible (no other frangible will be allowed.)
